ABOUT ME

I like spending time with my friends and going to places we always love to hang out to. However, I have also dreams of travelling, especially out of the country from which I have not experienced yet. Nonetheless, I have been to parts of Luzon such as in Bicol and Baguio, both of different cultures. My mother is rooted from Bicol, a province worth exploring because of its nature-filled beauty. Likewise, I enjoy the many experiences in Baguio such as strawberry picking and horseback-riding. I am happy for these experiences from which I drew inspiration from.
